Confirmation Regarding SVHC substances

Doc Number: VDC940-A-3

We, Nidec Global Appliance Division, are aware of the obligations to achieve compliance to the requirements established in Directive 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH). Our products are considered "articles" under REACH and don't have an intentionally release of substances.

We are following regularly update of "Substances of Very High Concern" in candidate list and inform that Lead (CAS no. 7439-92-1) was determined to be as SVHC since 27.6.2018. Lead is restricted also due to ROHS Directive 2011/65/EU with 0,1 %; exemptions are applicable.

Lead in concentrations > 0,1 % is used in following Nidec GA electrical accessories for compressors and in compressors:

Relays - ROHS exemption 6 (a) – Lead as an alloying element in steel for machining purposes containing up to 0,35 % lead by weight

Overload protector - ROHS exemption 6 (c) – Copper alloy containing up to 4 % lead by weight

Top cover – T, N, P, G, F, D platforms – ROHS exemption 6 (b) – Lead as an alloying element in aluminium containing up to 0,4 % lead by weight

Approved by

Name: Mr. Valter Taranzano

Title: President & CEO
