New Ownership of Danfoss Household Compressors

Munich-based industrial holding company AURELIUS AG acquired Danfoss Household Compressors from the Danfoss Group, Denmark. The agreement to take over the Danfoss Household Compressors business was signed in July 2010.

In connection with the new ownership Danfoss Household Compressors has changed its name to Secop GmbH. Secop remains a close, long-term partner of the Danfoss Group, as it will continue to sell a major part of its products and solutions, through the Danfoss Group and its sales companies.

With more than 50 years of experience in compressor technology and highly committed employees, our focus is to develop and apply the advanced compressor technologies to achieve standard setting performance for leading products and businesses around the world.
