

Electronic Unit 101N0830 Software Update BD350GH 12 V and BD220CL Compressors

Nidec GA Compressors (formerly Secop) will be introducing a software update to the electronic unit 101N0830 (figure 1). The units were introduced in early 2011 and are well received by the market.

The software update will be implemented as part of the ongoing improvement process at Nidec GA Compressors.
