

Discontinued SLV 105N46xx Controllers

Due to the end of life of certain key components, Secop has decided to discontinue selected legacy compressor controllers from the 105N46xx series associated with the SLV compressor models.

Affected Models

The table on the right outlines the affected code numbers. The related SLV compressors will remain available for service purposes; however, they will no longer be maintained on our website.

Phase-Out Date

Based on the availability of the remaining stock and the current forecast, we will be able to fulfill deliveries until the end of June 2026.

Further Info

Please get in touch with your local Secop representative for further information or replacement solutions.
